BEAUTY IN IMPERFECTION

# B E A U T Y I N I M P E R F E C - T I O N

EACH PRODUCT HAS SOUL  
AND ITS OWN STORY,  
WHICH GIVES IT  
A UNIQUE EXPRESSION

At Muubs we strongly believe in preserving originality and creating long-lasting design products with a touch of roughness. We make objects for the home that celebrate the individuality of the people living in it. Products that create contrast, play with your imagination, age gracefully and add the missing piece of soul and roughness to our homes.

We call it "beauty in imperfection"

## MANHATTEN

Manhattan is a series of shelves inspired by the heart of the city, where history and modern aesthetics merge in a harmonious symphony of robustness and industrial character. Created with a simple construction in industrial iron that radiates both strength and elegance, Manhattan brings diversity and offers a stylish storage solution.

## AN AESTHETIC AND STURDY DESIGN

With a clear reference to the iconic construction of the Manhattan Bridge, the design expression of the series is characterized by elegant and sophisticated slats and raw iron. The series captures the spirit of modern design while paying attention to nostalgic and historical architecture.

With its exquisite elegance and modern aesthetics, Manhattan will not only create contrasts in your interior but also add a touch of timeless beauty and a reminder of the magical atmosphere found only in Manhattan.

Psst...The series is designed with a fold-up feature, making it easy to carry and bring them with you.

## TOKYO

Tokyo pays tribute to the art of classic craftsmanship and embodies the distinctive and characteristic Japanese minimalism in a simple construction that merges aesthetics and functionality. The series of simple shelves is created with a deep passion for timeless skills and exudes a pure and effortless elegance.

The refined oak shelves embrace simple design aesthetics, and with a focus on the shelves' floating expression and breathtaking simplicity, Tokyo achieves a sincere expression. With its minimalist elements and easily comprehensible assemblies, the shelf becomes a beautiful and sophisticated addition to any home.

Like the Japanese tradition of cherishing simplicity and discovering beauty in the fundamental, the Tokyo series invites you to create an atmosphere of harmony and aesthetics in your home.

# RUGS

In our Surface, Layer and Earth collections, we've created rugs made from up to 40% recycled nylon yarn from used fishing nets found floating around the world's oceans. In the Surface collection, the underside of the rug is made from recycled bottles. The collections consist of several designs, each with its own style.

The exclusive Muubs designs are inspired by the course of life and the surface of the earth, just like the popular Luna jar. The three collections of woven rugs from Muubs offer real selling points when it comes to sustainable textile solutions for the floor, with patterns inspired by the surface of the earth.

**LAGO**

Inspired by enchanting lake landscapes and named after the south European word for "lake," the Lago series brings a treasure of colorful and natural beauty into your home.

**DIVE INTO THE MYSTIQUE OF NATURE'S LAKES**

The Lago series is a tribute to the beauty of nature with its greenish and dark shades, creating a unique and vibrant ambiance. The glaze reflects and captures the breathtaking play of colors in a forest lake, in a beautiful transition from the deep darkness of the lake's bottom gradually brightening towards the top.

The greenish hues of the Lago series harmonize beautifully with nature's color palette, making it the ultimate expression of an organic and harmonious connection to the natural surroundings - a reminder to appreciate our unique environment.

Ceto series mocha, Olive fork, Yami tapas set

## INSPIRED BY JAPANESE CERAMIC TRADITION

The enchantment of ceramic traditions is rediscovered in this series of beautifully crafted stoneware, designed with a hand-made expression and rooted in Japan's rich ceramic heritage.

The Ceto collection is a tribute to Japanese ceramic traditions and stoneware, embracing the soul and authenticity of the craft. Its asymmetrical form not only celebrates Japanese craftsmanship but also adds a unique and charming character to each individual item, while simultaneously honoring the endearing imperfections that naturally come with it.

The beautiful surface and rich texture are enhanced by the reactive glaze, creating a fascinating contrast between gloss and matte, endowing each product with its own unique character and color variation.

Ceto stoneware is not just a visual delight. Its breathtaking expression, combined with its simple form, imparts a modern touch, making the products both functional kitchen tools and beautiful artworks.

Let Ceto enrich your dining experience and bring a taste of Japanese ceramic tradition into your home.
