

CHRISTMAS 2025

A festive Christmas dinner table set for four people. The table is made of light-colored wood and is set with four white candles in gold holders, two of which are lit. There are two patterned ceramic bowls, a small bowl of nuts, and a white cloth napkin. A large evergreen branch hangs from the top left corner. In the background, a large window shows a snowy outdoor scene with string lights hanging from the top right corner.

När julen nalkas blir skogens alla djur goda vänner. Stora som små hjälps åt, alla är välkomna. Tillsammans vill de fira julens glädje.

As Christmas draws close, the animals of the forest become good friends. Big and small help each other, all are welcome. Together, they celebrate the joy of Christmas.

Wenn Weihnachten näher rückt, werden die Tiere des Waldes gute Freunde. Groß und Klein helfen sich gegenseitig, alle sind herzlich willkommen. Gemeinsam feiern sie die Weihnachtszeit.

SYSTEM DECOR - GARDEN LIGHT SYSTEM

System Decor är vårt basystem som är enkelt att använda. De tunna kablarna är enkla att dölja. Användaren bestämmer bara det totala antalet lampor och med ett begränsat sortiment är det lätt att ha hela utbudet i butiken. För lättanvända och smäckra dekorationer, välj System Decor.

System Decor is our basic system and is easy to use. The slim cables are easy to conceal. The user only has to think about the maximum number of bulbs and with a limited assortment, it is easy to carry the full range in the shops. For easy to use slender decorations, choose System Decor.

System Decor ist unser Basissystem und es ist benutzerfreundlich. Die dünnen Kabel sind einfach zu verstecken. Der Benutzer muss nur an die Gesamtanzahl der Brennstellen denken. Durch ein gezielt begrenztes Sortiment ist es den Geschäften möglich, das volle Spektrum ohne großen Aufwand anzubieten. Wählen Sie System Decor für eine dezente, elegante Dekoration.

CONSTRUCTION

WRAPPED ASSEMBLY

The most common type of construction. The branches are directly attached to the stem and are bent down when shaping the tree. No assembly is required, but the large trees come in separate parts that have to be put together.

HINGED/UMBRELLA TREE

The branches are permanently attached to the stem in hinges and are folded down when assembling.

HOOK ON

Individual groups of branches are hooked onto the stem when the tree is being assembled. This design is used for very thick and full trees to allow them to be evenly shaped but cannot be used for pre-lit trees.

PUSH IN

The tips are pressed onto the stem where there is a bard part that acts as a hook for attaching the tips. This type is assembled and only needs some final adjustment before use.
